The Management Board of the International Amber Association recommends the company:

AMBER GEMS

Maria Zawadzka

The recommendation testifies to the reliability of the company, its compliance with the rules of the IAA Statute, with the recommendations of the Appraisers Committee and with the classification of amber gemstones, its respect for good trade principles and practices, and its development and achievements documented by the projects it has completed as well as by awards and certificates it has received.

The recommendation obliges the company owner, the member of the IAA, to use exclusively Baltic amber and not to use copals in the offered products, which, at the same time, can be combined with other jewellery materials.
